BIG FRUIT TRAIN WILL BE A HUMMER

Baltimore and Ohio to Render Much Aid in Campaign of Education.

The Baltimore and Ohio Railroad Company, co-operating with the department of agriculture of the West Virginia University, at Morgantown, will run a farmers' educational train through the eastern portion of the state for four days, beginning at Keyser on Tuesday, August 8, and continuing east from there Wednesday, Thursday and Friday. The special train is scheduled to stop at the stations, as follows, on the days mentioned:

Tuesday, August 8; Keyser, 8:00 a. m. to noon; Bonner, 1:30 p. m. to 5:00 p. m.

Wednesday, August 9; Paw Paw, 8:00 a. m. to noon; Hethers Springs, 1:30 p. m. to 5:00 p. m.

Thursday, August 10; North Moun, 8:00 a. m. to noon; Martinsburg, 1:30 p. m. to 5:00 p. m.

Friday, August 11; Kearneysville, 8:00 a. m. to noon; Charles Town, 1:30 p. m. to 5:00 p. m.

The course of lectures to be delivered on the educational special will be under the auspices of E. D. Sanderson, dean of the college of agriculture at the university, and the train in charge of W. W. Wood, general industrial agent of the Baltimore and Ohio system. In many respects the train will be the most complete one of its kind ever operated in this country. The section of West Virginia through which it will be operated is well adapted to farming and horticulture and the lecturers, who are all experts in their fields, will continue their talks to these subjects. The lecturers will be delivered by G. S. Wilson, professor of pathology, Cornell University; who will discuss alfalfa and forage crops; Isaac S. Cook, professor of agronomy, West Virginia University, who will discuss forage and fertilizers; and William H. Alderman, professor of horticulture, West Virginia University, who will discuss fruit packing. A feature of the educational train that will be an innovation in this work is the instruction to be given in the art of packing fruit attractively for market. A representative of the National League of Commission Merchants will accompany the train

and instruct the audiences in the packing and marketing of fruit from the market standpoint. Three expert fruit packers will demonstrate this lecture. The fruit packers will also put together crates and carriers in a section of the baggage car that will be attached to the train, the aim being to give the West Virginia horticulturists a practical demonstration in handling fruit from the tree to the table.

The remaining section of the baggage car will be utilized for demonstrating how to make fertilizers at home, this feature being embraced in the lecture on agriculture.

BETTER POSITION

Is Given the Manager of the Company's Store at Gypsy.

John C. Hunsaker, manager of the Gypsy store of the Consolidation Coal Company, is being congratulated by his friends upon his recent promotion to a better position with the company in the Kentucky field. Mr. Hunsaker will leave Monday for Jenkins, Ky., to assume the management of the large company store at that place and also of several smaller stores in that immediate region. It is understood that the position will eventually include the management of all the stores in the Kentucky field. Benjamin Duty, present shipping clerk at the Gypsy store, will succeed Mr. Hunsaker as manager. Mr. Duty has been located at Gypsy several years and is well acquainted with the policy of the store and will continue it in the same efficient manner.

NEW FREIGHT DEPOT.

The gigantic improvements of the Baltimore & Ohio Railroad Company in Grafton have not yet reached their limit. The company will build a new freight depot on the West side, at the foot of Durbin street, and near the residence lately occupied by former Superintendent U. B. Williams.

PAYNE

Speeds Some on Way to Grafton and Freeland is Thrown Out.

The Grafton Sentinel Thursday evening gave the following account of the visit of some Clarksborg automobile speeders to that city:

L. M. Payne, of Clarksborg, who, next to Jack Johnson, probably holds the record for high speeding, was in the city today demonstrating the Firestone Columbus automobile. Mr. Payne has received some considerable notoriety in Fairmont on account of high speeding and the results that have followed in the court of the mayor, and as he could not speed fast enough there he transferred his activities to Clarksborg.

Today, while passing through this county on his way to Grafton the car was hitting nothing but the high spots in the road, and about two miles this side of Pruntytown M. L. Freeland, of Clarksborg, was thrown out when the car struck a rough place. He was stunned for a time and it was some time before he regained complete consciousness again, but he was not injured. Mr. Payne thoroughly understands the art of pounding a public highway in a gasoline wagon and he clips through the zone in a manner that makes the hair stand up.

Time: Clarksborg to Grafton, including accident, 40 minutes.

PINKUS FALLS

Down Stairway in Oak Hotel at Shinnston and is Badly Injured.

SHINNSTON, July 28.—Jacob Pinkus better known as "Blind Tommy" who had been playing the piano on the street for several evenings past, had the misfortune to fall down stairs at the Oak hotel a recent afternoon. Aside from several bruises caused by the fall his side was ruptured and it was necessary to take him to a hospital in Clarksborg.

Mr. Pinkus makes his home in Clarksborg, but for a week had been here selling sheet music during the day and playing his piano during the evening. His ability as a player of popular music is well known and he always has a large audience. The public will regret to hear of his misfortune.

NOT THESE DAVISES.

The persons who gave their names as Davis Brothers, of Clarksborg, who were arrested for exceeding the speed limit at Fairmont Wednesday are not Charles H. and J. Rex Davis, of the Davis Electric Company, of this city.

Thomas Shaw made a business trip to Parkersburg Friday.

TICKET AGENT

At Grafton is Reported as Suddenly Leaving for Paris Unknown.

Word is received here that C. C. Cline, Baltimore and Ohio ticket agent at Grafton, has disappeared suddenly and mysteriously, and that his most intimate friends are unaware of his whereabouts.

The company, it is said, is checking up his accounts and while there are rumors of a shortage, these rumors are not based on anything definite.

SHOOTER RESIGNS.

Thomas Dietle, for some time past shooter for the Marietta Torpedo Company at Shinnston, has resigned his position and gone to his home at Marietta. Mr. Dietle expects to be employed in similar work at Marietta, or may leave for the Oklahoma oil fields. His place has been taken by H. L. Cooper, of Marietta.
